

# 2011 Collegiate Baseball Fact Sheet

## Keep Your School's Baseball Team In The National News

*(Please read below and schedule for future attention)*

In order to keep your school's baseball team in the national news, as well as helping with rankings, *Collegiate Baseball* newspaper is asking coaches or sports information directors to: (1) put our publication on your mailing list for all baseball news releases during the 2011 season. It is imperative that we receive your weekly releases by one of three methods: via fax (520-624-5501), by E-mail (lou@baseballnews.com) or

through first class U.S. mail (see bottom of page for address). Many conferences and schools have constructed web sites. But it is impossible for us to contact the thousands of schools we cover by this route. That is why your help in this matter is so important. (2) Please mail us your 2011 baseball media guide when available. (3) Please make sure Fact Sheets are sent back to us every Monday during the baseball season.

**Deadlines for your FAX, E-Mail or FIRST CLASS mailing (every Monday) are:**

***Monday, Feb. 21 through the end of the regular spring season***

### Cumulative Info. — 2011 Season

Date Sent: \_\_\_\_\_

College division of your school: \_\_\_\_\_

*NCAA Division I II III NAIA Junior College*
